

Blooming Meadow GardensGladiolus & Bulbs.....

Blooming Meadow Gardens is a name for a lifelong project of which we are sincerely dedicated to the culture and marketing of corms [bulbs] and cut flowers. Gladiolus Grandiflora remain the most colorful, garden and cut flower, in the world. Having grown gladiolus for over 40 years in five different locations around Minnesota and now Wisconsin we have many hundreds of varieties. We grow large, medium and miniature glads that are both new varieties and also oldies, having stood the test of time. Variety health, propagation and "order of beauty" are most important to us.
